

HOW TO SUBMIT AN INSURANCE CLAIM

The following information is intended as an informal guide to assist with potential claims against the City of Belleville.

All claims are thoroughly investigated by the City's insurer and/or their representative. The City will not be held responsible for any claims/costs unless you can provide evidence that the City committed a negligent act or omission that resulted in damage or injury. The City, by way of its insurer, only compensates when it is legally liable for the damage sustained. This approach helps to reduce costs for the taxpaying public, who ultimately bear the cost of these claims.

We suggest that in all cases of damage you immediately contact your insurance company or broker. Depending on the nature of the claim the insurance policy that you purchased may provide for greater compensation than you may be able to legally recover from the City. In addition, if your insurer believes that the City is responsible for the damages, they will seek compensation on your behalf as stipulated in your insurance policy.

Note that, where the damage occurred at a site under the control of a contractor that the City retained to provide services (such as road repairs/upgrades) the claim will be forwarded to the contractor for processing.
