## PROGRAM DETAILS

The Belleville Family Physician Recruitment Program offers family medicine students, residents and locums up to \$150,000 in return for a five year commitment of service to the community. Payments are made in five or six installments and the program is flexible enough to allow you to create the medical practice that suits you best.

The recruitment program may also offer an incentive for certain specialist physicians. Up to \$75,000 may be available to a specialist physician that meets certain criteria payable in three or five installments, in return for a five year return of service.

Talk with our staff to find out if this program is right for you!
