

To whom it may concern,

It is to my best knowledge that the potentially severed property at Concession 7 Lot 23 Township of Thurlow has enough room to house a large dwelling, well, and a class 4 raised filter bed type septic system with proper layout to accommodate setbacks from each other and wetlands.

I can answer any further questions regarding the matter at 613-827-7231 or davisbros.shannon@gmail.com
